

GEO **STAC** Workshop Lesson Plan

GeoSTAC Workshop: Seven

Topic: Desktop GIS

Time: 1 hour 30 minutes in class

Lesson Description: Teachers will work through the Desktop GIS lesson developed for student enrichment.

Procedure: Walk teachers through the Desktop GIS Interface. Discuss how the web-based GIS interface is similar and how it is different. Demonstrate the steps they will complete as they work through the lesson

GeoSTAC Webinar: Five

Preparation Time: No Prep

Topics: Geospatial Technology – Guest Speaker – How can and are other geospatial technologies being utilized in the high school classroom?

Webinar: 30 minutes.
