- 13) How many lower than average countries are selected?
- 14) Describe the pattern of lower than the global average HDI
  
- 15) List the three countries with lower than the global average HDI.

16) Data Collection

	Countries Above Average			Countries Below Average		
Country Name						
BRATE2005						
BRATE2010						
DRATE2005						
DRATE2010						
FRATE2005						
FRATE2010						
GDP_2003_2004						
GDP_2010						
HDI_2010_2011						
IMORT2005						
IMORT2010						
LEXP2005						
LEXP2010						
NETMIG2005						
PDEN2010						
POP2005_1						
POP2010_1						
POVIND2000						
PURB1985						
PURB2005						
PURB2010						
Colonizer						
Date colonized						
Date of independence						

17) Describe the general location of these six countries. Consider which hemisphere and if they are costal, inland, above or below the equator ...

18) Evaluate the data you collected. Is there a correlation (connection) between any of the statistics? If so which statistics seem to be connected? For example: are countries with lower life expectancies countries with higher or lower GDP per capita? Discuss your finding. If you were a member of an NGO, such as the United Nations, what cultural trait would you address to improve the HDI in countries with a low HDI. Support your answer.
